Experience

Shopyvilla Developers

Mohali, India

FRONTEND DEVELOPER

April-20022 – July-2023

- Developed and implemented robust front-end solutions for a variety of projects at Shopyvilla Developers, collaborating closely with clients to meet their specific requirements.
- Demonstrated expertise in creating responsive user interfaces, optimizing page performance, and integrating new features to enhance the overall user experience.
- Worked closely with cross-functional teams, including designers and backend developers, to ensure seamless integration of frontend components with backend systems.

Skynox tech

Mohali, India

FRONTEND DEVELOPER

Jan-2020 – march-2022

- During my tenure at Skynox Tech, I honed my skills as a frontend developer by working extensively with cutting-edge technologies such as Next.js, React.js, Material-UI (MUI), and Tailwind CSS. These technologies allowed me to build highly responsive and performant web applications.
- I played a pivotal role in implementing Redux, a powerful state management library, in our projects. This facilitated efficient data flow and ensured seamless communication between different components, leading to improved user experiences and maintainable codebases.
